OBJECTIVE

Passionate Frontend Developer skilled in React.js, JavaScript, HTML, and CSS, with hands-on experience delivering responsive and dynamic web applications. Currently expanding into full-stack development with Node.js and MongoDB, and looking for a role where I can grow, contribute, and build things that matter.

EDUCATION

Bachelor of Computer Science and Engineering, University College of Engineering, Kariavattom 2021 – 2025

Relevant Coursework: Data Structures, Algorithms, Database Management, Web Development, Operating Systems.

SKILLS

Technical Skills HTML, CSS, JavaScript, React.js, Node.js, Responsive Design

Databases MySQL, MongoDB

Tools & Others Git, GitHub, REST APIs, Firebase, JWT, GSAP, Tailwind CSS

EXPERIENCE

Frontend Developer (Personal Projects & Self-Directed) 2022 – Present
Independent / Open Source *Kerala, India*

- Built and deployed multiple full-stack web applications using React.js, Node.js, and MongoDB.
- Achieved responsive, cross-browser UI by applying HTML, CSS Modules, Tailwind CSS, and styled-components.
- Integrated third-party APIs (TMDB, Firebase) to deliver dynamic, data-driven user experiences.

PROJECTS

Crowd-Sourced Gadget Review System. A full-stack web app where users post and review gadgets with star ratings, comments, and images. Built with React.js and MongoDB, featuring JWT authentication and secure password hashing.

StreamVault – OTT Streaming Platform. A Netflix-style full-stack OTT platform with JWT authentication, role-based access control, and an admin panel. Built using React.js, Node.js, Express.js, and MongoDB with a responsive dark-themed UI.

Netflix Clone. A responsive Netflix-style app built with React.js, integrating the TMDB API for dynamic movie and TV content and Firebase for secure user authentication.

Awwwards-Winning Style Website. An animation-rich interactive website using React.js, Tailwind CSS, and GSAP, featuring scroll-triggered effects, smooth transitions, and an immersive modern UI.

React Portfolio Website. A fully responsive portfolio built with React.js, React Router, and CSS Modules, featuring interactive modals, image galleries, and validated contact forms. (github.com/BuiltbyAkhil)

EXTRA-CURRICULAR ACTIVITIES

- Consistently upskill through online courses and coding challenges, staying current with the latest trends in web development and frontend tooling.
- Passionate about UI/UX and regularly explore new design systems, animation libraries, and frontend frameworks to sharpen both technical and creative skills.

LEADERSHIP

- Contributed to college tech communities by leading knowledge-sharing sessions on React.js and modern JavaScript practices, helping peers build practical skills and confidence in frontend development.
